Our core values

Interdisciplinarity
The exchange among students from all degree programs is the true strength of the Collegio: it sparks curiosity beyond one's own field of study.

Community and Collegiality
Shared spaces, informal moments, and everyday life build bonds and friendships meant to last forever.

Openness to the World
In Trieste, right at the heart of Europe, we foster a global outlook with languages, international exchange, and a vibrant multicultural community.

Responsibility and Ethics
We train competent professionals, but above all, conscious citizens capable of generating a positive impact on society.

Interdisciplinary education

Soft skills and teamwork
Projects to develop collaboration, communication, and organizational skills

Advanced English
Language skills for academic study and future professional career.

Seminars and conferences
Interdisciplinary training with a tailored activity plan.

Career guidance and alumni network
Engagement with high-profile professionals and former students.

Academic excellence
96% of students graduate with top honors.

International mobility
Broad access to international mobility programs.

The Collegio is a 10-minute walk from the town centre and is located on the campus ex Ospedale Militare, an ideal place to:

Live in independent studio apartments with one or two beds;

Study in comfortable study rooms and library;

Experience Collegio life in beautifulcommon areas: dining areas, cinema room, music room, relaxation areas, and the gym.

Living Trieste

Where sea, nature and science meet. An inspiring ecosystem where quality of life embraces the future.

Sea & Karst

In Trieste, nature is part of everyday life: you can go from the sea to the Karst hills in just a few minutes — the ultimate study break exists, and it comes with a cliffside view of the blue!

Sport & Lifestyle

If you love staying active, you'll never get bored in Trieste. Whether it's sailing, climbing, or running along scenic trails, you'll have endless options to explore the city your own way.

City of Science

Trieste is the scientific capital of Italy and boasts the highest concentration of researchers in Europe. Choosing Collegio Fonda means entering an academic ecosystem of excellence that engages in constant dialogue with world-renowned institutions.
