laris in Tangentem.

LA MATEMATICA DEL CAMBIAMENTO

Daniele DEL SANTO

Dipartimento di Matematica e Geoscienze, Università degli Studi di Trieste

1. Monday, 18th March 2024

2. Monday, 25th March 2024

3. Monday, 8th April 2024

4. Monday, 15th April 2024

Sala Pietra ex Ospedale Militare, 6:00 PM

In these lectures I will present, using examples and historical ideas, some basic concepts of mathematical analysis: derivatives, ordinary and partial differential equations, a mathematical model for fluids. The lessons are aimed at a public new to advanced mathematical studies, but I hope they will also be interesting for students closest to the discipline.
